Schuylkill County

is nestled between the mountains of East Central Pennsylvania in the Coal Country Corridor of the Schuylkill River National & State Heritage Area, where outdoor recreation, unique attractions, fascinating history and a host of exciting events abound. Schuylkill County is a cultural heritage destination like no other.

The Schuylkill River begins in the mountains of Schuylkill County. We are best known for the vast quantities of hard anthracite coal that helped fuel America's Industrial Revolution during the 19th and 20th centuries. The mines attracted thousands of immigrant workers from

around the world to Schuylkill County, creating a rich and diverse cultural community. Many of the foods, crafts, languages, and artistic traditions that these groups brought with them survive in Schuylkill County today.

Start your journey on the trail where it all started - with us!

“Let us show you why Schuylkill County is the natural choice!”

Schuylkill County has it all: The Appalachian Trail, unsurpassed views at Hawk Mountain, America’s Oldest Brewery, five wineries, Pioneer Tunnel Coal Mine and Stream Train, Kielbasa, Pierogies, a classic car museum, beautiful golf courses, three beautiful state parks offering the best hiking, camping, boating, swimming and fishing, a rich cultural heritage, history that is second to none, antiques, shopping, restaurants and so much more.

Yuengling Brewery Museum and Gift Shop home of America's oldest brewery is right here in Pottsville, Pennsylvania. Unique tours of this National Historic Landmark, including the caves, are offered daily and on special weekends. Enjoy the free tour and even a free sample at the end. Yuengling Museum and Gift shop is situated along historic Mahantongo Street, home of

National Book Award winning author John O’Hara. Founded in 1829 by David G. Yuengling they are a family owned company, now spanning over 180 years of continuous operation. Through five generations they have remained unique among breweries, distinguished by its culture, heritage, traditions, and portfolio of brands.

Hawk Mountain is a National Natural Landmark. The 200-degree panorama from atop Hawk Mountain’s famed North Lookout is unarguably one of the most scenic views in the East. Visitors look down upon the endless stretch of forest along the Kittatinny Ridge, and out across a patchwork of farmland and fields that flank both sides of the mountain.

Jerry’s Classic Cars & Collectibles Museum was built out of the love for cars and

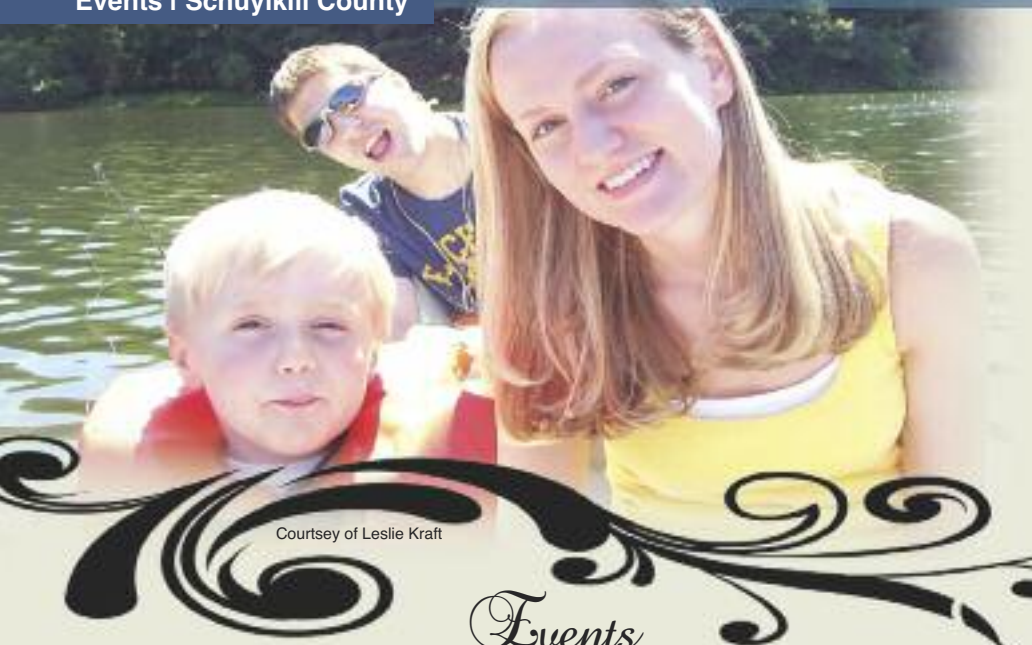

growing up in the 60's, playing rock-n-roll and drag racing. The 1950's Band Stand and Drive-In Theatre on the second floor will remind anyone of the good old days of rock-n-roll and outside movies. Along with a variety of classic cars, the snack bar and soda fountain will also take you back in time. For the ladies, there's the millinery, library, kitchen and appliance store.

Experience America's Anthracite Heritage in one exciting adventure at Pioneer Tunnel Coal Mine in Ashland PA. Tour a real Anthracite Coal Mine, 1800 feet into the side of the mountain and take a ride on an old fashioned narrow gauge steam train.

Next Stop, the Tamaqua Railroad Station! Take a step into the past as you enter Tamaqua's restored 1874 Philadelphia & Reading Railroad. Saved from the brink of demolition, the Tamaqua Railroad Station now serves as a heritage center, as well as a cultural and economic hub in Historic Tamaqua.
